

Maffra Secondary College

More than you imagine

Ph. 5147 1790

School Newsletter: September 2017 Edition

Principal's Report

Making decisions about your future can be difficult when you're a teenager. Some students have a clear path they wish to follow, while others are still working out where their interests lie.

The Maffra Secondary College Careers Expo is a key event in helping students make choices about subjects for the following year, through insights into a range of careers and pathway options. This year's expo was one of our most successful yet, with hundreds of students and parents attending the hall in the evening. We're extremely grateful to our supporting partners which include TAFE, universities, government, community and businesses all making themselves available to speak with our students.

Progress reports

Students and parents will have received access to their third progress reports for the year, via Compass. As a general guide, "Good" is the expectation we have for all students at Maffra Secondary College, where as "Excellent" is going above and beyond, while "Satisfactory" is based on the minimum standard. If parents have any queries, please contact the relevant teacher.

Peter Pan

Congratulations to all of our students involved in the school production of Peter Pan, and thank you to Sarah Whitwam and her team for the hours of additional work put in to make it all happen.

It was great to hear such positive reports from our students who attended the Melbourne Writers Festival over two days this week. The art of creative writing is well and truly alive, and we look forward to our students sharing their experiences and learning across the college.

Finally, Maffra's Got Talent and Footy Colours Day was a great success – well done to our school captains and student leaders for organising it all!

Adam Hogan, Principal

Assistant Principal's Report

Nathan Wallace

Acting Assistant Principal

Using Feedback to Improve Learning

As Acting Assistant Principal for Curriculum and Assessment, I have once again been impressed by the positive start to the new semester by students and staff. This term, there is a focus on providing **effective feedback** that helps learners improve. Hopefully ALL students and parents have read through the semester one reports (available on COMPASS) to identify what they have learnt, but more importantly, what they need to focus on this semester to continue improving their learning. Feedback was the focus of the staff training day (17th July) so that students could receive information in a timely manner that will help them improve their Skills and Knowledge of topics, as well as their Attitude towards learning. Students will receive continuous feedback shortly after each Common Assessment Task (CAT) so that students know:

- What they have been learning;
- How they went on the task; and
- What they need to do next to improve?

Students should ask themselves these questions regularly to be successful in their learning. Parents are encouraged to ask these questions also.

Other feedback that students can use to improve their learning include the upcoming OnDemand test results to identify their level of understanding in literacy and numeracy (Years 7, 8 & 9); NAPLAN results (Year 7 & 9) were released this term; Progress Reports (Year 7-12) were completed in week 6.

The term started with all Year 7, 8 & 9 students being taught explicitly how to listen while others are talking. As a School Wide Positive Behaviour Support (SWPBS) expected behaviour linked to our College Value of RESPECT, this focus has contributed to the very positive start to term.

After the well attended Careers Expo in week two, Year 8 – 11 students have started the subject selection process for 2018.

Congratulations to everyone involved in the 2017 production of 'Peter Pan'. It was great to see so many students involved and stretching themselves from their comfort zone. I know the grade 6 students who attended the language taster day thoroughly enjoyed the Thursday

matinee performance, as did my two children who watched the Friday night performance. Thank-you to the dedicated team of staff and parents who made this amazing learning experience possible for our students.

While Kristen Raine is on leave exploring Australia, I have the privilege of starting with the School for Student Leadership application process for 2018. This year's Year 9 SSL team spoke about their amazing experience at the Year 8 assembly and encouraged students to apply. Please see the ad in this newsletter for more details. I hope every student takes full advantage of every opportunity that is provided this semester. If they do, I know they can achieve 'more than they imagine'.

Parent Teacher Interviews

Parent Teacher Interviews will be held on Thursday September 21st from 4pm-6.30pm and Friday September 22nd from 10.00am-2pm. No classes will be running on Friday, however students should attend the interviews with their parents/guardians.

Please make your bookings on Compass from Monday September 11th. For assistance with bookings, contact the office.

First Aid

Kerry Liddell

First Aid Officer

Students with Asthma

In order to comply with Schools Policy and Advisory Guidelines and to support students with health needs it is important to advise the school if your child has asthma or other medical conditions.

An **Asthma Action / Care Plan** completed by a medical practitioner **must** be provided to the school, this plan will enable your child to participate in school activities safely.

Students should carry their asthma reliever medication and spacer with them at all times whilst at school. We have emergency asthma first aid medication for use as a backup but ask that Parents/Guardians ensure their children have an adequate supply of appropriate asthma medication (including a spacer) for use at school.

It is extremely important that we have up to date asthma action plan and current contact details for parents and guardians. It is also very important that you provide the school with a number of emergency contacts.

Science

Marie Clark
Science Coordinator

GTAC visit – year 11 and 12

Biology Workshops

On Thursday 17th August, scientists from the Gene Technology Access Centre (GTAC) in Parkville came to the school to run VCE Biology workshops with our year 11 and 12 Biology students, as well as students from Orbest Secondary College and Smyth's Creek Secondary College.

The students were able to participate in hands-on laboratory activities that related to units 2 and 4 Biology, using techniques such as gel electrophoresis and comparing the features of Hominin skulls showing how the evolution of modern humans has occurred. The students enjoyed the day, and it was great to see them interacting with the scientists from GTAC, who were mostly PhD students and were very happy to talk about their research.

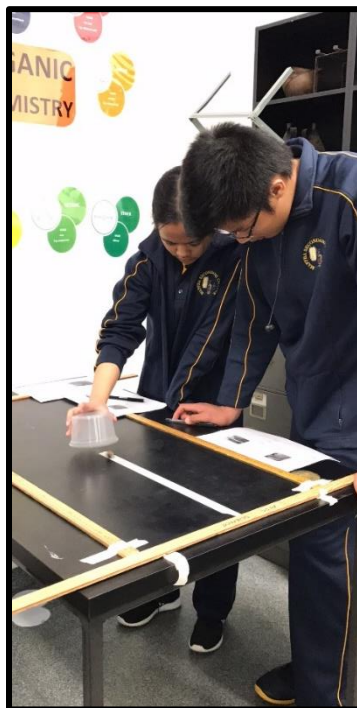

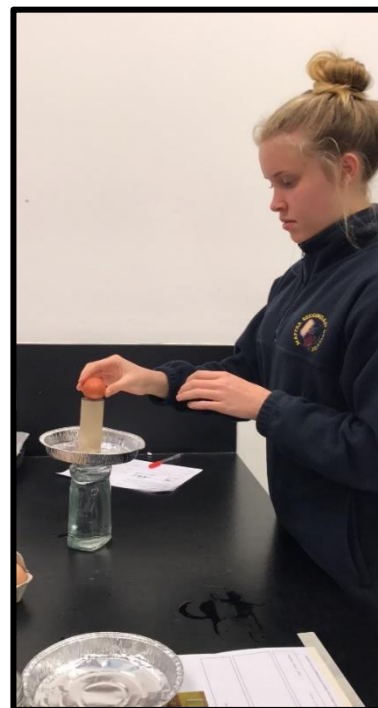

Year 10 Physics

Year 10 students are currently studying a physics unit on motion and forces. They used time in class to discover Newton's Laws of motion and broke some eggs whilst doing so.

Holli attempting the egg drop experiment

Chloe and Ivan testing the inertia of a ball bearing

Science Expo

Kylie Lambert

Maffra Secondary College
proudly presents

Maffra Science Expo!

Thursday 14th September, 2017
Maffra Memorial Hall

Day Session: 1:30pm to 3:00pm
Evening Session: 6:30pm to 7:30pm

Maffra Secondary College is excited to showcase the fantastic work of our Year 8 students created through our acclaimed and award winning Broadening Horizons Project. Students have worked in teams of 2-3 to design, develop and test a scientific project of their choice, with support from an industry mentor. Parents, families and the wider community are all welcome to join us in celebrating our students' achievements.

Opportunities For Indigenous Students

A free 5-day STEM camp for indigenous students: RISE 2017

When: Monday 27th November – Saturday 2nd December
Location: GTAC and University of Melbourne in Parkville, Victoria

Registrations are now open for the Residential Indigenous Science Experience (RISE). RISE is an immersive STEM camp for Victorian and interstate Year 9-10 students who identify as Indigenous. Supported by Indigenous and scientist mentors, students participate in workshops using a range of technologies to build confidence engaging with science, engineering, and maths. Site tours give students insights into a range of STEM careers available. The camp program also incorporates cultural and Melbourne city experiences.

The camp is free for participating students and rural students receive travel assistance.

Registrations close Friday 15th September.

For more information: <http://www.gtac.edu.au/rise/>

Engineering Aid Australia (EAA) is a charitable organisation whose principal aim is to encourage Indigenous secondary school students going into Years 10, 11, and 12 to consider a career as a professional engineer. EAA conducts summer schools in Sydney and Perth in January each year providing students with a wide range of engineering activities, site visits and opportunities to meet employers and young engineers from our sponsoring engineering companies.

EAA also assist students who have attended a summer school by:

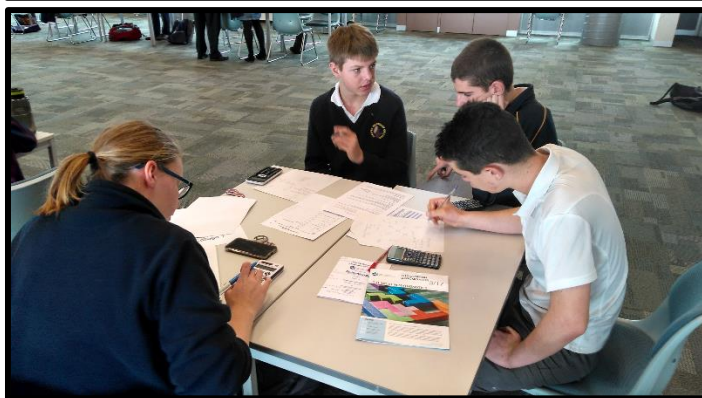

- providing them with financial assistance to complete their secondary school studies and to study engineering or a related course at University; and
- helping them to find work experience and career opportunities with our sponsoring engineering companies

Maths News

Gippsland Maths Game Day

Seventeen teams from ten schools across Gippsland came together to compete in the annual Gippsland Maths Games Day at Federation University on Wednesday 16th August. Teams of four students from year eight and nine came from as far as Berwick, Foster and Lakes Entrance to enjoy a day of Maths.

Maffra sent a team comprising Mitchell Mahoney, Joshua Caithness, Leon Diaz Jacobi and Charlotte Kiefer. The day comprised of a mixture of team problem solving challenges, head-to-head competitions and a final frantic team relay. Although it was the first year Maffra Secondary College has been represented at the games, the team competed credibly throughout the day and outperformed several more experienced schools.

School for Student Leadership

School for Student
Leadership

Information for Year 8 students

Do you enjoy working in teams? Do you want to get better at working with other people?

Do you want to develop your leadership skills? Do you want to learn what it means to be an effective leader?

Do you want to get involved in the school and wider community?

Would you like to learn more about who you are as a person and as a learner? Do you want to understand what your strengths are and how to improve on your weaknesses?

Do you enjoy being in the outdoors?

If you have answered YES... then, the School for Student Leadership might be for you!

WHAT IS THE SCHOOL FOR STUDENT LEADERSHIP?

School for Student Leadership (SSL) is a Victorian Department of Education and Early Childhood Development initiative offering a unique residential education experience for year nine students. The curriculum focuses on personal development and team learning projects sourced from students' home regions. There are three campuses in iconic locations across Victoria. The **Alpine School Campus** is located at Dinner Plain in the Victorian Alps. **Snowy River Campus** is near the mouth of the Snowy River at Marlo in east Gippsland. The third site is adjacent to Mount Noorat near Camperdown in Victoria's Western District, and is called **Gnurad-Gundidj**.

Maffra Secondary College has been allocated a place at the **SNOWY RIVER CAMPUS** in **TERM 2** of 2018.

The MSC team will consist of **3 BOYS** and **3 GIRLS**.

Students will need to apply for one of the positions by collecting and completing an application form. They need to demonstrate their experiences in working in teams, undertaking leadership responsibilities, knowledge of the School for Student Leadership, as well as what strategies they will use to overcome homesickness and ideas they have for the Community Learning Project.

The closing date for applications is **Friday 15th September**. Applications are to be handed to **Mr Wallace**.

Students will then have an interview with MSC staff early in **Term 4** and selection will be based on both the

responses to the selection criteria and the interview performance.

Please note that there is a cost associated with the program. The total cost will depend on the duration of the term, however this year's MSC students were charged \$1050 for a ten week program.

For more information, check out the website <http://www.snowyriver.vic.edu.au/> or, contact Nathan Wallace 5147 1790.

Kath Shephard
Attendance/Bus Coordinator

Your child should have brought home a bus permission form for 2018. If you have not completed one and they intend to travel by country buses, please ask them to collect one at the front office or call Kath Shephard on 5147 1790. These forms should have been in by the end of August.

Visual Arts News

Fiona Ray

Arts Coordinator

This year Maffra Secondary College will be running our ART show a little differently. . .

- We are asking students to submit an artwork, rather than the work being selected by staff.
- There will be 3 categories 'years 7-8, 9-10 and VCE-VCAL'.
- This isn't just for students studying art this semester, it is open to all students.
- Your work can be something you have created at home, it doesn't need to be something you have created in class, but it does need to be 100% your own work.
- Entry forms will be available from the front office from Monday 14th of August.
- Our Art Show will be held in term 4, date TBC.

Stay tuned for more information, but get creating!

Gippsland Art Gallery is offering the opportunity for **30 students** years 7-11 to attend a two hour printmaking workshop run by local artist Gill Kline at our school. Gill Kline is a Briagolong-based printmaker who makes mostly linocuts and etchings. Students will have the opportunity to create a lino print under the guidance and Gill and Education Coordinator **Georgina Glanville** from Gippsland Art Gallery on Thursday the 7th of September. This workshop is **free** to attend, and any students interested will need to sign up for the workshop at the Arts staffroom before Tuesday 5th of September. Remember there is only 30 spots available, so sign up quick.

Gill is wanting to generate some interest in printmaking with young people in the local area and this is a great opportunity to learn about the printing process. It is also a timely opportunity with the Gippsland Art Gallery's biennial celebration of printmaking opening at the gallery on the 2nd of September. Student may well be inspired to visit the exhibition and who knows, perhaps enter their work next year.

For more information, see Miss Ray in the Arts Staffroom.

The Gippsland Print Award—introduced in 2015—is an open entry award exhibition that showcases the ingenuity and creativity of artists and this marvellously enduring medium. The Gippsland Print Award is a \$5,000 prize for printmaking open to all artists living and working in Australia, for prints that have been completed since September 2015. For more information, see Miss Ray in the Arts Staffroom.

Sports News

Netball championships

On the 16th of August 2017, an intermediate team was chosen to compete in a Victorian school netball championships competition in Sale. The people who were chosen for the team were Mikayla Underwood, Annie Bass, Keily Nikolajew, Lindsay Coridas, Shayla McNamara, Bridie Williamson, Marnie Davis and Narelle brown. Our coach was Loueen Smith.

Over the whole day, we played three games and won one out of four. As it was a very windy day, the shooters struggled a lot but everyone worked as a team and kept positive every game. We have all made a very strong friendship from this team and loved the day out with Bu. it was a great experience and we all enjoyed ourselves a lot, we are looking forward to competing again next year.

Shayla McNamara and Marnie Davis

Wellbeing

Kelly Duncan

Wellbeing Leader

Hello everyone, I am the new Wellbeing Leader replacing Emily Boyle while she is on maternity leave. I am so happy to be a part of your vibrant, active school and it is great to see some familiar faces around the school grounds. Please drop in or phone Wellbeing to introduce yourselves, as I will be hoping to get to know as many people as I can, whilst I am here.

Wellbeing have been busy overseeing the School Wide Positive Behaviour Support Program (SWPBS) and students have been learning about what behaviour is expected at this school. Classes have run with the following topics:

- I listen while others are talking
- I am responsible for my own learning

Please talk to the students about these topics and what they have learnt, as this can support their learning.

Next term there will be a focus on:

- I use appropriate language, volume and tone.

Alongside all of the work we do with students and SWPBS there is also a parent matrix (see below) to assist parents to work with the School to support their child with their learning. Please read this and if you have any questions or comments please contact Kelly at Wellbeing:

In other Wellbeing news - Trish Newgreen has been running Girls Group for Year 9 girls this term and they look like they are really enjoying it – some of the topics covered are: stress management, self esteem, relaxation and meditation. Boys Group is also running with Gerard Abdoo, our School Chaplain and the boys are enjoying the sessions. This is held in the Mens Shed and covers the importance of all relationships, potential, courage, acceptance, trust, team building and resilience.

	<h3>MAFFRA SECONDARY COLLEGE - PARENT MATRIX</h3> <p>AS PART OF OUR SCHOOL COMMUNITY.....</p>
LEARNING	<ul style="list-style-type: none"> • I support my child's learning. • I monitor home learning and discuss their learning with them. • I participate in parent/teacher interviews and meetings. • I encourage my child to work hard to improve their learning. • I seek help from the school if I have a concern about my child. • I actively encourage my child to use electronic devices appropriately.
RESPECT	<ul style="list-style-type: none"> • I use positive and appropriate language, tone and volume. • I work collaboratively with the school community to uphold the school values. • I remember confidentiality. • I email or phone to make an appointment.
COMMUNITY	<ul style="list-style-type: none"> • I ensure my child wears correct school uniform. • I respond to requests for information in a timely manner. • I respect school policies and procedures. • I involve myself in the school community where possible.
ENVIRONMENT	<ul style="list-style-type: none"> • I support my child to prevent bullying. • I use acceptable language when using electronic devices.

Performing Arts News

Sarah Whitwam

School Production Director

Peter Pan

Through the Arts and special productions like these, our students gain invaluable learning opportunities, chance for personal growth, new friendships and a great sense of achievement. But more than this we can guarantee they are making memories that they will look back on and cherish for many years to come.

Fi Ray

Peter pan was an awesome play to be in. It was a great thing to add to my last year of school. Productions are such an amazing way to connect year levels and build school spirit. The cast and crew worked really well together under the direction and guidance of the wonderful Mrs Whitwam and Miss Ray. I'm excited to come back to watch the future Maffra Secondary Productions.

Olive Capurso

Doing the production has been really helpful. I have made lots of friends in the older years. My cousin Ali was in the play and now we have a closer connection together. I have also learnt about drama terms, how smoke machines work and how to be quiet!

A big thanks to Ms "Whitty" and Miss Ray. The effort, persistence and time, as well as the dedication they have put in has been phenomenal.

The production has been an amazing experience for me.

Lily Dierickx

To work closely with Fi Ray and oversee the coming together of a production such as Peter Pan was both a process and a privilege. The students involved in the play demonstrated exceptional qualities that transcended the demand of the rehearsals and the elation of performance. The students showed commitment and creativity. They followed direction and persevered to polish a piece of theatre we were all very proud of. Within this process I saw the building of friendships and generous collaborations between students of all ages as well as a level of backstage professionalism that helped the production to proceed positively.

As a creative process the production is an incredible opportunity for students to be involved in, offering both opportunities to make connections in the school community and develop personal skills in communication, performance and design. There is also a feeling of purpose, especially when you hear the delightful laughter from an audience of young students from the local primary school – giggling about the onstage antics.

To the cast and crew I say thank you, and to the friends and family that supported the process, I extend my gratitude. And to Fi Ray I want to express my endless admiration of the rhythm and creativity she conveyed both in the production and tirelessly across the Arts at Maffra Secondary College.

Sarah "Whitty" Whitwam

Get into tennis at Maffra Tennis Club

Summer pennant is around the corner and we are looking for new players.

Saturday junior pennant commences on October 14th

Kids of all standards up to 18 years old can play in skill based levels from beginner to advanced levels. We play against teams in the Wellington Gippsland Tennis Association. Games commence at 9am and usually consist of 3 sets of singles and doubles that take 2 to 3 hours of play. Juniors interested in playing need to let us know by 12th September in order for us to submit our teams. Contact Terry Flynn on 0434607249 if you are interested.

Open Day 27th September

Interested players should come to our open day commencing at 10.30am following the tennis clinic (see over page). We will have a sausage sizzle, fun games and give aways. The objective of the day is to introduce new players to tennis with some fun activities and to welcome back returning players to the club.

Learn from a pro

Our club tennis coach is Mark Stevens and his team of qualified coaches conduct individual and group lessons on our synthetic courts each Tuesday and Wednesday after 3pm during school terms.

Term 3 tennis coaching is underway. Lessons for all standards and age groups can be booked through Mark on 0417 140763 or email mstennis@dcsi.net.au for an enrolment form or any enquiries. Details as follows:-

Group lesson – 30 minutes - \$115.00 per term (8 lessons)

Private lesson – 30 minutes - \$320.00 per term (8 lessons)

Semi-Private lesson – 30 minutes - \$160.00 per term (8 lessons)

Squad – 1.5 hours - \$150.00 per term (8 lessons)

Tennis Clinic

Tennis clinic to be held at Maffra Tennis Club - 25th 26th & 27th September (9.00 am – 10.30 am)

All standards. Ages: 6-16. Cost: \$60.00. Learn some new skills, improve your tennis and have some fun in the holidays. For bookings and enquiries contact Jamie Dunn 0449 257 569 or email mstennis@dcsi.net.au

More information

Tennis is a family sport and we welcome adults too – Like our club on facebook for regular updates or go to our website for information mltc.com.au. Enquiries about the club can be made to Terry Flynn on 0434607249.
